

## **No Show Policy**

Due to an unusually large number of patients who do not show for their appointments and who do not call in advance to cancel their appointments, we have been forced to institute a “No Show” policy. This policy does not apply to patients who call to cancel their appointments 24 hours or more in advance of the scheduled visit.

***If you know that you will be unable to keep your appointment, we ask you to show consideration by calling our office 24 hours in advance or you will be considered a “no-show”. Monday appointments will need to be cancelled by Friday at noon.***

Consulting Cardiologists, PC is committed to helping you manage and maintain your healthcare needs. When you schedule an appointment with one of our physicians that time is reserved exclusively for you to discuss and review your medical concerns. We do understand that on occasion unforeseen circumstances do arise and the need to cancel your scheduled appointment may be necessary. Providing our office with adequate notice will allow us to offer that appointment time to another patient who needs to see the physician.

The following no-show fees will be assessed:

- A \$25.00 fee for “no-show” for routine appointments and/or diagnostic testing appointments, excluding Nuclear Echo Testing.
- A \$50.00 fee for “no-show” Nuclear Testing Appointments (Stress Test, Echo and MUGA Scans).
- A \$50.00 fee for “no-show” for consultation and new patient appointments.

Repeated no-shows will result in termination of our healthcare services to you.

These charges are not billable to insurance and will ultimately be your responsibility. Payment of no-show charges is expected on or before your next appointment.
